

NEWS RELEASE

NATIONAL TRUCK PROTECTION RELEASES NEW COMPREHENSIVE ROADSIDE ASSISTANCE COVERAGE

Cranford, NJ, June, 2015 – National Truck Protection Inc. (NTP), North America's leading independent provider of extended service contracts to the trucking industry, announced that it has partnered with RoadsideMasters.com of Coconut Grove, FL to offer nationwide Commercial Vehicle Roadside Service on select NTP and ATP warranties.

Much more than a basic roadside package, the RoadsideMasters.com Commercial Vehicle Roadside Service is a comprehensive suite of assistance offerings including towing, flat tire repair, oil – fluid – fuel delivery, lockout/key replacement and more. With this announcement, National Truck Protection is the only independent truck warranty provider to offer comprehensive roadside assistance coverage. The roadside assistance coverage will be automatically included with the purchase of select NTP and ATP warranties, and it will be offered as an option on all other warranty plans.

“RoadsideMasters.com has proven its ability to offer superior roadside assistance services nationwide”, says NTP President, Robert Amico. “These new services will provide our customers with the most comprehensive benefits offered in the industry.” By integrating the roadside assistance offering with the sale of the warranty, NTP further distances itself from other warranty service providers. NTP warranty customers can now cost effectively benefit from a complete, integrated set of protection and support services when they are purchasing their truck.

RoadsideMaster's President Jason Cohen adds, “We are excited to partner with National Truck Protection and offer our roadside assistance services as part of their warranty package. NTP's stellar reputation in the industry and strong customer following make this an ideal fit.”

NTP continues to develop the most innovative warranty protection plans in the marketplace, and with the addition of roadside assistance from RoadsideMasters.com, the solution offerings are

even greater. From individual owner operators to national fleets, trucking professionals of all types can find exactly the coverage they need from National Truck Protection.

About NTP Inc.
